

## Wyoming Unemployment Falls to 3.7% in November 2021

The Research & Planning section of the Wyoming Department of Workforce Services reported today that the state's seasonally adjusted unemployment rate fell from 4.1% in October to 3.7% in November. Wyoming's unemployment rate has decreased in each of the past five months and is lower than the current U.S. rate of 4.2% and much lower than its November 2020 level of 5.3%.

From October to November, unemployment rates fell in 16 counties, rose in four counties, and remained unchanged in three counties. Teton County's unemployment rate increased from 1.9% in October to 2.9% in November. Unemployment often rises in Teton County in November as tourist activity slows between the summer and winter seasons.

Unemployment rates fell in every county from November 2020 to November 2021. Jobless rates were elevated in November 2020 because of the pandemic, and decreases in 2021 represent a return to more normal levels. The largest decreases occurred in Natrona (down from 6.7% to 3.1%), Teton (down from 6.2% to 2.9%), and Converse (down from 5.7% to 2.4%) counties.

At 1.7%, Albany County and Weston County tied for the lowest unemployment rate in November. The next lowest rates were found in Goshen County at 1.8% and Niobrara and Crook counties, each at 1.9%. The highest unemployment rates were reported in Natrona County at 3.1%, Teton County at 2.9%, and Sublette and Sweetwater counties, each at 2.8%.

Total nonfarm employment in Wyoming (not seasonally adjusted and measured by place of work) rose from 269,500 in November 2020 to 272,200 in November 2021, an increase of 2,700 jobs (1.0%). Employment was unusually low in November 2020 because of economic disruptions related to the pandemic.

Research & Planning has scheduled the December unemployment news release for January 24, 2022.

(p) Preliminary, (r) Revised, (b) Benchmarked.

Data are not seasonally adjusted except where otherwise specified.

Labor Force = Employment + Unemployed Number

Unemployment Rate = Unemployed Number/Labor Force

**Wyoming Seasonally Adjusted Statewide Labor Force Estimates**

	November-21	October-21	November-20	Change			
				Month		Year	
				absolute	percent	absolute	percent
Total Civilian Labor Force	292,401	293,001	295,063	-600	-0.2%	-2,662	-0.9%
Employed	281,564	280,941	279,509	623	0.2%	2,055	0.7%
Unemployed	10,837	12,060	15,554	-1,223	-10.1%	-4,717	-30.3%
Unemployment Rate	3.7	4.1	5.3				

**Definitions:**

Employed	All persons who, during the reference week, did any work at all as paid employees, worked in their own business, profession, or on their own farm, or worked 15 hours or more as unpaid workers in a family business.
Unemployed	All persons who had no employment during the reference week, were available for work, and had made specific efforts to find employment sometime during the 4-week period ending with the reference week.
Labor Force	All persons who meet the criteria given above as either employed or unemployed.
Unemployment Rate	The number of unemployed as a percent of the labor force.
Seasonal Adjustment	A statistical procedure to remove the impact of normal regularly recurring events (such as weather, major holidays, and the opening and closing of schools) from economic time series to better understand changes in economic conditions from month to month.
