"Your Source for Wyoming Labor Market Information"

Who We Are

Research & Planning (R&P) functions as an exclusively statistical entity within the Wyoming Department of Workforce Services. R&P collects, analyzes, and publishes timely and accurate labor market information (LMI) meeting established

statistical standards. We work to make the labor market more efficient by providing the public and the public's representatives with the information needed for evidencebased, informed decision making.

Wyoming Unemployment Insurance Claims Report, April 2018

Initial Claims Decline for 20th Consecutive Month

by: Sherry Wen, Principal Economist, and Michael Moore, Editor

Insurance (UI) claims decreased by 18.5% (-439 claims) compared to April 2017. Initial claims have decreased from prior-year levels for 20 months, dating back to September 2016 (see Figure 1).

As noted by Wen (in progress¹), there were 17,849 UI benefit recipients in 2017, compared to 26,101 in 2016 (-8,252, or -31.6%). The total number of UI benefit recipients in 2017 was lower than any other year since 2008. Historical UI claims data from 1997 to present are available online at http://doe. state.wy.us/LMI/ui.htm.

Initial Claims

There were 1,932 initial claims in April 2018, compared to 2,371 in April 2017. Most industries experienced a decrease in the number of initial

claims over the year. Manufacturing saw the greatest over-the-year increase of all industries (16 claims, or 23.2%). At the county level, the greatest over-the-year decreases were seen in Natrona (-114, or -33.3%), Campbell (-101, or -49.7%), and Fremont (-60, or -45.8%) counties.

Continued Claims

Over the year, the number of unique claimants with continued claims decreased by 18.0% (1,068 fewer individuals). Total continued weeks claimed decreased by 18.7% (3,559 fewer weeks claimed). Most private industries saw over-the-year decreases in continued claims, with the exception of information (24, or 21.2%).

Most counties showed an over-the-year decrease in continued weeks claimed, including Natrona (-860, or -30.0%), Campbell (-434, or -32.5%), Fremont (-355, or -25.4%), Laramie (-225, or -10.3%), and Sweetwater (-221, or -19.3%) counties.

Real Total ^b	14,294	17,582	-3,288	-18.7	

^aAn average month is considered 4.33 weeks. If a month has four weeks, the normalization factor is 1.0825. If the month has five weeks, the normalization factor is 0.866. The number of raw claims is multiplied by the normalization factor to achieve the normalized claims counts.

N/D = Not discloseable due to confidentiality.

All totals are subject to rounding error and may not add to the sum of their respective components.

The table above conforms to Wyoming Employment Security Law - Wyoming Statute 27-3-603 regarding confidentiality.
